THE BEST SEASON IS HERE!

Foreword

Greetings,

HAPPY OCTOBER!

Here are some general announcements from the past month. Did you know October is evaluation month? Towards the end of the month you will receive an evaluation from a member of the manager team. Our mission as managers of IMT Device Solution is to ensure that you have all the necessary resources and tools to serve our customers and do your job well.

Be on the look out for a spooky board game event for October 20th! There is a chance to win a \$15 gift card to In-N-Out for the winner of our Werewolf tournament!

God calls us to share, learn, and work together. I'd like to encourage all of you to come down and enjoy the fun.

And let us consider how we may spur one another on toward love and good deeds, not giving up meeting together, as some are in the habit of doing, but encouraging one another—and all the more as you see the Day approaching (Hebrews 10:24–25 NIV)

TECHNOLOGY OF THE MONTH

Samsung Galaxy Note 9 - The one that doesn't explode

Bigger than previous Note phones in every way, the Samsung Galaxy Note 9 has a larger 6.4-inch screen, heftier **4,000mAh battery**, and

a **massive 1TB** of storage option. The already good camera is slightly better, the stereo speakers are a first for the Note, and the **Bluetooth-connected S Pen** can activate fun customizable shortcuts remotely. But its price matches (and even tops) what you'll pay for an iPhone XS Max.
